4. General Secretary's letter No. L. 264-79—L. B. 170-26-12, dated 16th July 1927, in the matter of spending the balances of the Taluk Boards for works within the respective Taluks and as contribution to Village Panchayets.

Resolution of the Standing Committee—"The District Board has already given Rs. 10,000 out of their funds to 100 Village Panchayets as starting fund, at Rs. 100 each, and also transferred Rs. 10,000 to Malnad Improvement Fund for drinking water wells. The liability of Taluk Boards for maintenance of Medical Institutions, Roads, Veterinary Institutions, Salary and allowances of Sanitary Inspectors and upkeep of musafirkhanas, etc., have all devolved upon the District Board. The District Board has also been making contributions off and on, according to requirements for Village Panchayets and therefore a wholesale transfer of the Taluk Board Funds to the Panchayets and to earmark the funds of each Taluk Board for works in the particular Taluk will not adequately protect the interests of the Taluks in the District. As a matter of fact Rs. 2,500 has been provided in current year's budget for giving contributions to Village Panchayets in deserving cases to enable them to open or improve local inter-village roads. Hence so far as this Board is concerned no change is called for in the interests of the District Board or the works to be carried out in each Taluk".

Resolution.—The resolution of the Standing Committee is approved.

5. General Secretary's letter No. L. 683-90—L. B. 17-27-3, dated 30th July 1927, inviting the Executive Engineers and the Sub-Division Officers to attend District Board meetings.

Resolution.—Recorded.

6. General Secretary's letter No. L. 765-80—L. B. 224-26-3, dated 4th August 1927, intimating that the expenditure incurred towards tiffin to officers; supplies to Deputy Commissioner's camp and on flowers, sodawater, sweets to school children, etc., during Taluk Conferences may be met with by private subscription as far as possible and not out of Taluk or District Conference Funds.

Resolution.—Recorded.

7. General Secretary's letter No. L. C. 18-25—L. B. 146-26. dated 13th June 1927, requesting to place before the District Board the question of assigning a share of the realisations from shandies in the District, to the Panchayets concerned and to forward their recolution on the subject for the orders of Government.

Resolution of the Standing Committee:—"The shandies in the District require to be provided with conveniences such as stalls, shades, wells, drains etc., and the District Board has already provided a sum of Rs. 6,000 in the current year's budget for the improvement of shandy grounds and for affording requisite conveniences. The Village Panchayets are still in their infancy and it takes time before they can come to a good working order. They are not now in a position to provide facilities for the shandies. The roads leading to the shandies also require to be maintained by the Board. It is not easy to distinguish the cases of different shandies from one another and therefore it is neither possible nor desirable to assign these revenues to the Village Panchayets at present".

Resolution.—The Standing Committee resolution is approved.

Resolution of the Standing Committee (for 15).

"This is sanctioned."

Resolution.—(1 to 15). These estimates are sanctioned.

(*c*) Estimates received from the Executive Engineer, Hassan Division, for counter-signature.

(1) Metalling the worst gravel furlongs on Anemahal-Mudgere road.

Resolution of the Standing Committee :—All the estimates may be sanctioned except the one relating to Anemahal-Mudgere Road which seems unnecessary, as it is understood that the bulk of the road is given over to two persons on lump-sum contract, and if one of them is able to maintain it in good condition, it is difficult to understand why the other should not though the same mileage rate is given to both and the country is about the same in both sections.

Resolution.—The resolution of the Standing Committee is approved.

2. Deputy Commissioner's letter No. A. 4-960-26, dated 14th October 1927, requesting to place before the Board and to forward the resolution *re*: the revised programme of bridges to be undertaken during the next ten years.

Resolution of the Standing Committee:—

"The following bridge works are important and may be taken up:—

(1) Over the Cauvery near Ramanathapur.

(2) Oochangihalla and Palhallihalla in Vanagur-Mallipatna Road.

(3) Hoskotehalla.

(4) Yegachi near Settihalli.

(5) Eswarahallihalla. Here a bridge or culvert with a sufficient number of vents may be constructed instead of a Causeway.

(6) Ganni Bridge. Hemavati.

As regards the Cauvery, Oochangihalla, Palahallihalla Yrgachi and Ganni, the District Board may agree to bear half the cost taking to their cridit private contributions if any that may be available.

(7) Bridge across the Hemavati near Kerodi in Banawase-Yeslurpet Road. This is in a Malnad tract and an urgent work to be taken up. This may be constructed as Mysore I. W.

Resolution—The resolution of the Standing Committee is approved but as regards Eswarahalli halla bridge the estimate forthe bridge for Rs. 6,500 sent by the Public Works Department is sanctioned and work may be put in hand at once in lieu of the causeway already sanctioned.

The Board further propose unanimously that Government may be requested to kindly take up the construction of the bridge over Hemavati near Mandagere and that this District Board may give Rs. 50,000 on account of that bridge in view of its importance in preference to the construction of the same at Akkihebbal.

3. (*a*) Deputy Commissioner's memo No. 1784-26, dated 18th October 1927, requesting to forward the resolution of the Board *re*: payment of half the contribution towards the acquisition of lands for the Hole-Narsipur Maternity.

(*b*) Deputy Commissioner's memo No. 1784-26, dated 29th October 1927, requesting to furnish the opinion of the District Board agreeing to pay half the cost of (1) the construction of the (i) compound wall and the (ii) new Local Fund Dispensary building, (2) acquisition of lands required for (i) the new Local Fund Dispensary building and (ii) the lands and buildings required for the compound and (3) for the equipment of the Maternity, since Hole-Narsipur Municipality pleads inability to bear one-third cost.

(*c*) Deputy Commissioner's memo No. 1784-26, dated 17th December 1927, forwarding copy of letter dated 17th December 1927, addressed to Government, in the matter of waiving the quota of contribution payable by the Hole-Narsipur Municipality, for the construction of the new Local Fund Dispensary building at the place.

Resolution of the Standing Committee.—"The District Board may agree to bear half the cost of the construction of the compound wall, the acquisition of the lands repuired for the extension of the compound of the Maternity and the deviation of the road, the cost of the said deviation, the acquision of lands and the construction of the new Local Fund Dispensary buildings and the lay out of the garden in front of the Maternity, the other half being borne by the Government, as the Hole-Narsipur Municipal Council plead inability to pay their quota of cost.

As regards the equipment of the Maternity in view of the heavy charges to be borne by the Board, and the unwillingness of the Hole-Narsipur Municipality to pay any contribution towards the improvements not undertaken, the Municipal Council may be requested to pay the equipment charges according to their original promise and the remainder distributed equally between the Government and District Board."

Resolution.—Resolution of the Standing Committee is approved.

4. Report on the working of the Hassan District Board for 1926-27.

Resolution.—The draft report submitted to Government is approved.

5 Question of constructing a combined building for the Urdu Primary and Middle School and the Kannada Primary School at Arehalli.

Resolution of the Economic Committee.—"A contribution not exceeding Rs. 2,000 may be granted by the Board".

Resolution.—It is not clear from the correspondence whether any plan for a combined building has been prepared and six rooms as proposed seem inadequate for the purpose.

As regards the Board's contribution a lumpsum of Rs. 2,000 may be sanctioned, as resolved by the Economic Committee out of cess funds.

6. Question of payment of the contribution sanctioned by the Board during 1925-26 for the Lambani Conference.

Resolution.—The amount of Rs. 50 originally promised may be paid.

7. (1) Proceedings of the Grama Village Panchayet requesting that (*a*) the local cess due to the Panchayet from the date of its formation may be given to them, (*b*) that the shandy collections may be transferred to the Panchayet and (2) further letter from the Chairman in this respect.

Resolution of the Standing Committee.—"The standing committee regret that the request of the Village Panchayet cannot be complied with. They are now getting the income from the cattle pound. It is under contemplation to improve the shandy grounds and give facilities. The Vydyasala costs at least Rs. 46 a month and this is going to be converted into a Local Fund Dispensary. A Technical branch of Education is also opened in the local Middle School in Sericulture with a trained teacher at the expense of the Board."

Resolution.—The resolution of the Standing Committee is approved. It may be noted that even a trained midwife has been provided for this Vydyasala.

8. Hassan Range Sanitary Inspector's report No. 555, dated 22nd September 1927, forwarding an estimate for Rs. 200 for erecting a pendal for the vineyard for grape vines in the Silver Jubilee orchard at Hassan.

Resolution of the Standing Committee.—"The estimate may be sanctioned."

Resolution.—Resolution of the standing committee is approved.

Khan Bahadur Mohamed Abbas Khan, (Honorary President).

COUNCILLORS.

Absent ... ... Nil.

Before the proceedings began, Mr. C. N. Narasinga Rao, Municipal Councillor, said that with the permission of the President and the Council, he would move a resolution of condolence on the sad and untimely death of Mr. M. G. Srinivasa Rao, Professor of Chemistry, Central College, which sad event occurred at the early hours of this morning. Mr. Narasinga Rao spoke of the very high attainments of Mr. M. G. Srinivasa Rao in the field of Chemistry and of his very amiable qualities and of his love towards the students, which was apparent from the large number of students that assembled at his residence this morning.

Mr. D. Gopalakrishna Rao then spoke feelingly of the late Mr. M. G. Srinivasa Rao.

The President also associated himself with all that was said of the late Mr. M. G. Srinivasa Rao and moved the following resolution, which was carried unanimously, all the Councillors, Officers and Visitors, standing:—

"That this Council do record its deep sorrow and respect on account of the untimely death of Mr. M. G. Srinivasa Rao, M.A., Professor of Chemistry, Central College, Bangalore, which sad event took place at the early hours of this morning and that this resolution be communicated to the surviving members of the bereaved family."

The Proceedings of the meeting dated 7th January 1928, were read from the beginning up to the time when the President vacated the Chair. When the proceedings relating to the business transacted under the Chairmanship of Rao Bahadur Dr. C. B. Rama Rao were taken up for reading, Mr. N. Balakrishniah raised a point of order that the proceedings relating to that portion of the business be not read and recorded, as the meeting held under the Chairmanship of Dr. C. B. Rama Rao was not legally constituted, for the following reasons:—

(1) When the names of two members of the Council were duly proposed and seconded to occupy the Chair, a third member of the Council should have occupied the Chair temporarily to decide by taking votes as to who should preside.

(2) The resolution moved by Captain Y. V. Ayya and seconded by Dr. Royan to the effect that Mr. K. Nettakallappa do occupy the Chair, was not given effect to.

(3) When the names of two gentlemen had been duly proposed and seconded, votes should have been recorded by ballot, while as a matter of fact, the name of Rao Bahadur Dr. C. B. Rama Rao was put to vote, ignoring totally the name of Mr. B. D. Naidu. Mr. C. N. Narasinga Rao raised a point or order that the objection cannot be taken at this stage of the meeting.

The President gave a ruling to Mr. C N. Narasinga Rao's objections that the point raised by Mr. Balakrishniah to the effect that the proceedings relating to the business transacted under the Chairmanship of Dr. C. B. Rama Rao be not read at this meeting, was in order.

Before giving the ruling on the point of order raised by Mr. N. Balakrishniah, the President invited the opinion of the members present to give their opinion.

Mr. C. N. Narasinga Rao enquired whether the President was going to take votes on this point of order. The President quoted rule 5 of the rules of business of Council meeting and stated that the point of order will not be put to the vote but it will be decided by him.

Messrs. G. B. Raghavendrachar and S. N. M. Razvi held opposite views. Mr. S. N. M. Razvi said that this objection should have been taken on the day of the meeting itself.

Mr. G. B. Raghavendrachar quoted Sections 26 (2) and 38 (2) of the Municipal Regulation. When Mr. W. H. Hanumanthappa wanted to speak, Mr. B. D. Naidu wanted the President to give a ruling at once or to allow every body to speak.

The President agreed with the point of order raised by Mr. N. Balakrishniah and ruled that the minutes of the proceedings in question be not read and recorded.

Mr. C. N. Narasinga Rao raised a point of order to the effect that since the last meeting was adjourned with Dr. C. B. Rama Rao in the Chair, when the Council was half-way through a particular subject and since this is an adjourned meeting to consider the undisposed of subjects of that meeting, the President must vacate the chair and Dr. C. B. Rama Rao continue the business of the day from that point.

Mr. S. N. M. Razvi was of opinion that since the proceedings of the meeting dated 7th January 1928, presided over by Dr. C. B. Rama Rao were not read and recorded, those proceedings are to be considered as invalid and that in case the President should vacate the Chair this day also there must be a fresh election of the Chairman to-day.

Mr. W. H. Hanumanthappa observed that the President had no autho rity to give the ruling and that the meeting should begin from the point when it was left last time and automatically Dr. C. B. Rama Rao should have taken the Chair.

The President gave a ruling that there is no rule of law that the President should vacate the Chair and that the meeting do take up the question of the consideration of the allowance to be sanctioned to the President since that question was not decided at the last meeting.

When the President wanted to vacate the Chair, Messrs. G. Siddaveerappa, B. Kempanna, M. Royan, Y. V. Ayya, B. D. Naidu and Chicknanjundappa stated that the President need not vacate the Chair.

Mr. Belur Srinivasiengar said that it is entirely left to the good sense and discretion of the President to vacate or not to vacate the Chair when the question of the allowance is taken up.

Mr. C. N. Narasinga Rao raised a point of order that as the proceedings of the previous day were not vitiated, the meeting do begin from the point where it stopped last time.

The President gave a ruling that the subject be taken afresh.

Subject No. 25 on the Agenda regarding the Conveyance allowance to be paid to the President was taken up.

The President informed the house that he had received a written proposition from Mr. B. D. Naidu and that he would permit him to move the same.

Mr. B. D. Naidu proposed and Mr. Y. V. Ayya and Mr. Hoskote Bhadrappa seconded that,

"an allowance of Rs. 300 per mensem be sanctioned to the President with effect from the date of his assuming office and the same be in force during the life-time of this Council."

Mr. Belur Srinivasiengar urged that subject No. 25 on the printed agenda is for discussion, that the wording " '*the*' Conveyance allowance " meant the sum of Rs 250 which was being paid should be paid or not and that the proposition which is now for the first time read by the President being without seven days' clear notice, is not in order and should not be discussed now in preference to subject No. 25 and that they are perfectly at liberty to bring it by way of an amendment.

Mr. W. H. Hanumanthappa said that it was a new proposition, not circulated, comes up on the agenda all on a sudden, now attempted to be moved and seconded and that it should not be allowed to be discussed until seven clear days' notice is given.

The President gave a ruling that since the question of the consideration of the Conveyance allowance to be paid to the President is included in the agenda dated 24th November 1927, the proposition now moved is quite in order and that it is open to the Council to move amendments to reduce it or to decide not to grant it.

Mr. G. B. Raghavendrachar raised a point of order that as this is an adjourned meeting no new subject can be taken at an adjourned meeting and even if it is admitted that this is not a new subject. Subject No. 25 in the printed agenda has not been taken up in preference to other subjects, for no definite proposal was made to advance it and neither votes were taken nor the house gave its consent and that even if the subject had been taken, some one should have moved that Rs. 250 should be given and it should be duly seconded and this might have been taken as an amendment.

The President gave a ruling that the proposition of Mr. B. D. Naidu was quite in order

Mr. Belur Srinivasiengar, proposed that subject No. 25, as printed in the agenda, *i.e.*, 'Consideration of *the conveyance* allowance' be taken up. The President gave a ruling that it is the identical subject moved by Mr. B. D. Naidu, referred to by Mr. Belur Srinivasiengar, that is under consideration and he is quite welcome to move any amendment to the resolution before the house.

At this stage Mr. G. B. Raghavendrachar, moved the adjournment of the house. Mr. W. H. Hanumanthappa, seconded it.

The proposition was put to vote and lost, as 14 voted 'For' and 15 'Against' it.

Messrs. G. B. Raghavendrachar and C. N. Narasinga Rao, demanded a Poll.

At this stage Mr. B. Kempanna, proposed that the remaining subjects relating to the agenda for December 1927, be adjourned and that the meeting for January 1928, be taken up for the election of the Municipal Advocate, which is an urgent matter of importance and which should have taken place in the early part of November.

Mr. Y. V. Ayya, seconded it.

Mr. B. K. Garudachar, raised a point of order that the notice of this day's meeting clearly stated that the subjects of December only will be considered.

The President said that this meeting being a continuation of the meeting held on 7th January 1928, and that for the meeting of the 7th, the subjects relating to the agenda for the month of January 1928, had also been tabled, the objection was out of order.

Mr. G. B. Raghavendrachar moved a motion of adjournment of the meeting at 7-27 P.M. Mr. Belur Srinivasiengar, seconded it.

The President said that since a motion for the adjournment of the meeting was negatived by this Council, the proposition was out of order.

Mr. G. B. Raghavendrachar, asked for an authority for the President to give the above ruling. The President said that he would do so if sufficient time is given.

Mr. W. H. Hanumanthappa, read Rule 6 of the Council Business Rules and said that the point be put to the meeting and voted.

The President said that since he has alreay given a ruling on the point, the question does not arise.

The proposition that the subject relating to the election of the Municipal Advocate, (*Vide* No. 10, on the printed agenda for January 1928) be teken up was put to vote and carried. Voting. For 14, and Against 12.

The subject was accordingly taken up.

Mr. G. B. Raghavendrachar said that the consideration of this question do lie over in view of the fact that some more information may be collected.

The President said that since the house has decided to take up the question for consideration immediately, the motion of Mr. G. B. Raghavendrachar, that the subject do lie over is out of order.

The President then read out the names of the candidates whose applications have been received and the Municipal Commissioner's note on the subject. The President also said that Mr. J. R. Issac has given notice of a proposition that the applications of candidates of three years' standing as advocates instead of five years, may also be considered and asked Mr. J. R. Issac to move his proposition.

Mr. J. R. Issac, moved his propositions :—

(1) "That this Council resolves in supercession of its resolution dated 19th March 1925, that it shall be sufficient if the candidate or candidates possess the qualification of three years' practice at the bar as resolved by the Bye-law Committee, appointed by the Council for this purpose.

(2) That this Council do consider the applications of all candidates possessing the above qualification in the selection of the Municipal Advocate, for the present term of the Council."

Mr. B. D. Naidu, seconded the proposition.

The proposition was carried. Voting.—22 'For' and 2 'Against'.

Mr. Belur Srinivasiengar, then proposed that in view of Dr. Issac's above said proposition and the Commissioner's notification calling for applications from Advocates, that the advocates should be of five years standing, fresh notices should immediately be sent out and a short date be fixed for the election. Mr. D. Gopalakrishna Rao, seconded it.

The proposition was put to vote and carried. 19 'For' and 4 'Against'.

No. 46.

BANGALORE CITY MUNICIPALITY.

PROCEEDINGS OF AN ADJOURNED GENERAL MEETING OF THE CITY MUNICIPAL COUNCIL, BANGALORE, HELD ON MONDAY THE 23RD JANUARY 1928, AT 4 P.M., IN THE COUNCIL CHAMBER.

Present ... . 24 | Absent 6

When the Proceedings of the meeting held on 16th January 1928 were being read, Mr. C. N. Narasinga Rao, Municipal Councillor, pointed out that the following paragraph which had been scored out be restored.—' The President gave a ruling to Mr. C. N. Narasinga Rao's objection that the point raised by Mr. N. Balakrishniah to the effect that the proceedings relating to the business transacted under the Chairmanship of Dr. C. B. Rama Rao be not read at this meeting was in order.'

With the permission of the Council, the above para was restored as a special case, on the understanding that this Course should not be taken as a precedent and that in future the resolutions adopted by the Council be taken in a bound book, read and confirmed by the Council, then and there as required by rules.

After reading the proceedings up to the para ' (The President gave a ruling that the subject be taken afresh) ' Mr. C. N. Narasinga Rao raised a point of order that the further proceedings be not read and recorded on the ground that the proceedings after this para are null and void, for the following reasons:—

(1) It was an adjourned meeting and the subject should have commenced from the point where it was left at the previous meeting;

(2) That the President having vacated the chair in the previous meeting should not take the chair in this meeting before that subject was disposed of;

(3) That the resolution relating to the allowance proposed by Mr. B. D. Naidu was a fresh one requiring notice, the resolution on the agenda being the consideration of the conveyance allowance and in view of the fact that no fresh subject could be taken;

(4) That the ruling given by the President that the 2nd adjournment motion of Mr. G. B. Raghavendrachar was out of order was wrong;

(5) The ruling of the President in respect of Mr. C. N. Narasinga Rao's proposition to defer the subject pending the decision of the question whether the President had executive functions was further wrong and illegal.

The President gave a ruling that the point of order raised by Mr. C. N. Narasinga Rao is out of order as the meeting referred to by Mr. C. N. Narasinga Rao was legally and properly constituted and ruled that the proceedings be read and recorded.

The proceedings of the meeting were read in full and recorded.

Mr. Razvi proposed and Mr. G. B. Raghavendrachar seconded and carried unanimously that subject No. 12 in the agenda for January 1928, relating to the reappropriation statement of Municipal works tabled for consideration this day be taken up immediately and that after its disposal the remaining subjects of the agenda of December 1927, be taken up.

Subject No. 12 of the agenda for January 1928, to sanction the re-appropriation statement relating to Municipal works received from the Municipal Engineer with his Memo No. 5168, dated 7th December 1927.

Then the subjects of the December agenda were taken up.

Mr. C. N. Narasinga Rao proposed and Mr. N. Balakrishniah seconded that a consolidated allowance of Rs. 65 per mensem be given to Mr. B. Tirumalachar, Special Engineer from the date he joined the Municipality.

Mr. Belur Srinivasiengar proposed and Mr. M. Royan seconded an amendment that the consolidated allowance be Rs. 100 and not Rs. 65 as above.

The amendment was put to vote and carried; voting 12 for and 11 against.

Messrs. S. N. M. Razvi and G. Siddaveerappa demanded a poll which was granted.

The following voted ' For ':—(1) President, (2) Dr. C. B. Rama Rao, (3) Mr. B. K. Garudachar, (4) Mr. Belur Srinivasiengar, (5) Mr. Chickmunisamisa, (6) Mr. Hoskote Bhadrappa, (7) Mr. S. * * * *

IV. MISCELLANEOUS.

7. Deferred subject No. 10 of last meeting in the matter of relationship of the several Village Panchayets with the Sanitary Board and of the representation of the rural area on the Board.

Resolution.—In their letter No. L. 2855 V. P. 27-27-3, dated 22nd November 1927, Government were pleased to state that the Board's finances and those of the Village Penchayets should be separated as from 1st February 1927, and the money collected and held in deposit may be distributed to the respective Village Panchayets; that in ordinary sanitary matters, the villages would be expected to take necessary action, all measures necessary for preventing the outbreak and spread of epidemics being taken up by the Board; and that the Village Panchayets would be expected to carry out the instructions of the Sanitary Board in this respect, as has been ordered in the case of villages in District Board areas.

Dr. Stokes, Chief Medical and Sanitary Officer, Kolar Gold Fields and Dr. M. G. Sreenivasa Rao Peidpett, the Medical Officer of Health were of opinion that the strength of the present sanitary establishment was at its minimum and that it was not capable of further reduction, if the efficient sanitation on the same level, at which it was maintained hitherto, had to be kept up.

Mr. Heathcote, Superintendent, Chapmion Reefs Gold Mines of India, Ltd., and the Chairman of the Mining Board, was of opinion that as the present Sanitary Establishment had to be continued the Board, who were already paying about Rs. 5,000 more on the sanitation of these villages, than the actual income derived from these villages, whould lose even the income they were getting from these villages, so that the Board would be put to a great financial loss. Even in the resolution of the Board in their meeting of the 9th October 1925, in connection with the introduction of the Village Panchayets, to the villages under the Sanitary Beard, they had referred to this financial aspect.

Mr. O. V. Rajagopal was of opinion that the Village Panchayets might not be capable of maintaining the present state of efficiency in sanitation and that once an epidemic broke out, in any of the villages, it would spread very rapidly and would affect the mining area easily. He was also of opinion that if Government were not pleased to give over the income of these villages, to the Sanitary Board, Government might be requested to contribute to the Board all the expenditure that the Board were now incurring on account of the sanitation of these villages.

The members were of opinion that the different Village Panchayets in the Sanitary Board area might not appreciate the present sanitary establishment maintained by the Board. The Panchayets might not like to continue to keep the same scale of establishment, especially when the income from a good number of them was too small to keep up the present establishment, which was absolutely necessary to prevent the outbreak and spread of epidemics.

The Board would be put to an annual loss of about Rs. 10,000 if the income from villages was handed over to different Village Panchayets.

The Vice-President and the Medical Officer of Health should be allowed to exercise the same powers they were exercising in so far as the sanitation of these villages was concerned under the Sanitary Board Bye-laws.

Even when the Taluk Boards were in existence, the Sanitary Board villages did not come under their perview or that of the District Board.

8. Deferred subject No. 11 of last meeting regarding the demand from the Comptroller to Government for the payment of Pensionary contribution of the Sanitary staff.

Resolution.—At no time the Board have exercised the option, given to them under Art. 266 C. of the Mysore Service Regulations. Government might be requested to allow the Board to pay the pensions of the officers transferred from Government to the Sanitary Board and *vice versa* according to Rule of proportions as contemplated in Art. 266 A. and Rules in App. B. The Board are willing to pay the pensions of the Board's employees as they fall due.

9. Letter No. 479 L. A. D. dated 16th December 1927, from the Comptroller to Government, forwarding for necessary action, the notes of inspection of the Sanitary Board office by the Assistant Comptroller Mr. K. Subramanyam.

Resolution.—Deferred for the next meeting.

10. Memo, dated 28th December 1927, from the Medical Officer of Health, K. G. F. forwarding a remission list of Rs. 14 being the irrecoverable arrears of ground rent.

Resolution.—May be written off.

11. Memo No. 97, dated 31st January 1928, from the Executive Engineer, Kolar Division in the matter of alterations and additions to the Maternity Hospital at Robertsonpet.

Resolution.—The Chief Medical and Sanitary Officer, K. G. F. submitted to the Board that he went round the Hospital with the Vice-President and Medical Officer of Health. The plan forwarded by the Executive Engineeer might be approved provided the extra accommodation now shown in the plan which was not included in the original plan as approved by the Senior Surgeon with Government of Mysore, the then Acting Chief Medical and Sanitary Officer, Dr. Fitzmaurice and the President, could be given without burdening the Board with any cost. He was also of opinion, that the road to the north of the Maternity Hospital might be closed, as it was too near the Operation Theatre.

The Board approved the plan on the above condition. They had no objection to close the road.

Supplemental subjects.

12. Election of two non-official members of the Sanitary Board for the Excise Licensing Board.

Resolution.—Dr. Stokes and Mr. O. V. Rajagopal were unanimously elected.

13. Letter dated 16th instant from Mr. C. F. Heathcote, Superintendent, Champion Reef Gold Mines of India, Ltd., *re.* outbreak of plague in Kolar Town and the question of Plague precautions :—

Resolution.—The Vice-President explained to the members that Plague returns were not being received from Kolar Municipality and the different measures taken by the Executive staff of the Sanitary Board to prevent people coming from affected area into the Sanitary Board Area.

M. N. BALA RAJ URS,
Vice-President.

The Board may then grant a contribution to the Village Panchayets concerned".

They have also offered free a very good site for the same and are prepared to provide accommodation for opening a Dispensary at once, and for the staff. The place has suffered much on account of outbreaks of plague. The village is a very populous one and is situated midway between Konanur and Kerlapura. A Dispensary at this place serves a large number of interior villages of the Arkalgud and Hole-Narsipur Taluks. The District Board may agree to bear their quota of initial and recurring expenditure for the institution."

Resolution of the Standing Committee—

"The District Board may pay their quota of contribution for the acquisition of the land required for the extension, half the cost may be borne by Government and the other half distributed in equal shares between the District Board and Arsikere Municipality.

As regards the initial and recurring expenses the District Board may pay half the other half being borne by the Arsikere Municipality. But as the District Board is already paying in full for a Midwife only one more Midwife may be entertained. the cost of this second Midwife being borne in full by the Arsikere Municipality."

Resolution.—Standing Committee's resolution is approved. Only four beds will be sufficient for the present for the Maternity.

The Board however wish to point out once again that the site of the present Local Fund Dispensary is not well suited for the Maternity on account of its being too close to a busy thoroughfare and the railway line of an important junction station. It may be noted that at Robertsonpet, it is understood that in a similar matter it was considered necessary either to divert the road or construct an operation theatre elsewhere.

It is desirable to select a suitable site in the Hassan side or Banawar side or some other locality nearby.

The Senior Surgeon was consulted today (22nd January 1928) and the question discussed. He is of opinion that the Local Fund Dispensary and the Maternity Hospital should be in one and the same place. He also considers that the site of the present Local Fund Dispensary is not so well suited for in-patients an account of the disturbance caused in the neighbourhood being an important railway junction and commercial place, almost amounting to a nuisance. The Board suggest that the existing Local Fund Dispensary building which is of a very old type may be sold or otherwise disposed of and a new building constructed for the Local Fund Dispensary and the Female Dispensary and Maternity in the Banawar road or, Harnahalli road or in other suitable locality, and the Senior Surgeon also agrees with this view. The District Board will agree to bear their quota of cost for the construction of such a building. The Municipality and Government may be requested to ber their quota of cost for a new building. The realisations from the sale of the old Local Fund Dispensary building may go towards meeting the cost of the new building.

15. District Medical Officer's No. 2053, dated 7th December 1927, forwarding extract from the Senior Surgeon's inspectection notes *re*: constructing a New Local Fund Dispensary at Banawar.

Resolution of the standing committee—

"If the Banawar Municipality and Government would be willing to pay their quota of cost for a building the District Board may then pay its quota of cost also for a building for the Dispensary. It is not possible for the District Board at present to pay any quota for quarters for the staff".

Resolution.—Resolution of the standing committee is approved.

The building now used for the dispensary may be converted into quarters for the Medical Officer with suitable alterations.

Note.—The Senior Surgeon says that it is not possible to convert the existing Dispensary building to quarters for Sub-Assistant Surgeon in view of the age of the structure and the other office located in the same premises. Hence the Board agree to pay their quota of cost *i.e.*, one-third for quarters for Sub-Assistant Surgeon, (22nd January 1928).

16. Deputy Commissioner's No. 1745-26, dated 17th November 1927, forwarding copy of letter addressed to the Senior Surgeon *re*: opening of a Dispensary at Palya and calling for the opinion of the Board in the matter.

Resolution of the standing committee—

"The entire correspondence including Senior Surgeon's letter G. C. 571-10, dated 18th August 1927, was read.

Palya is a Malnad centre and a M. I. Dispensary here is very necessary. The collections at Ballu are not intended for the Palya Dispensary at all. The District Board cannot bear any portion of the cost for the dispensary at Palya which must be met out of M. I. funds. But they may make the musafirkhana available for the L. F. Dispensary.

As regards Bagur, the District Board may bear the share of initial and recurring expenditure on the scale proposed by the Senior Surgeon".

Resolution.— standing committee's resolution is approved.

The Senior Surgeon is apprised of the necessity for this institution Bagur, as it is cut off from all communications and that area is not served with medical aid. The Senior Surgeon having kindly agreed to supply the medicines, it is resolved that Government be requested to kindly sanction the opening of all these six institution at once on the terms above noted from 1st February 1928.

The Board conveys its thanks to the Senior Surgeon for having kindly helped us in this matter.

51. Deputy Commissioner's letter No. L. S. G. 616, dated 12th January 1928, in the matter of obtaining the resolution of the Board *re* opening the proposed Sri Lakshminarasimha Mahile Dispensary at Grama as proposed by Rao Bahadur Srinivasiengar of Dharwar.

Resolution.—The Board while gratefully appreciating the generous intention of the donor regretfully find it impossible to open a Female Dispensary with lying-in-ward at Grama. while five Taluk Headquarters themselves have no Women's Dispensaries or Women Medical Officers. Agreeing however with the Rao Bahadur's views about increasing the institutions for women, the Board would be prepared to accept the offer and name the institution after the Rao Bahadur if he would kindly construct a suitable building at Arsikere instead of at Grama as the need there is very great.

52. Senior Surgeon's No. G. C. 205-6, dated 23rd December 1927, inviting the opinion of the District Board in the matter of the conversion of some of the Malnad Improvements Dispensaries into permanent Local Fund Dispensaries.

Resolution.—The Board are agreeable to the gradual conversion of Malnad Improvement Dispensaries to Local Fund Dispensaries with a view to accelerate progress in the provision of Medical relief in the malnad and hopes that the Government will also augment their grants to Medical relief in the Malnad Improvement Scheme.

(2) The Board agree to the conversion of Nagenahalli and Reyarkoppal Malnad Improvement Dispensaries into Local Fund Dispensaries, and instead, Malnad Improvement Dispensaries may be opened at Madihalli or in its neighbourhood and Marnahalli. For the present the one for Madihalli locality may be opened in the musafirkhana at Hagare.

These conversions are conditional on the transfer of Malnad Improvement Dispensaries as proposed within the district.

Further, it is resolved that the Nagenahalli people may be informed that they have not fulfilled their repeated promises to provide buildings for the Hospital though on their representation even an offer of Rs. 4,000 in cash was declined and that if before the monsoon of 1928, they do not provide the building steps will be taken to transfer the institution to some other place where better facilities may be available.

As regards Ballu Mr. A. V. Nanjundasetti strongly urges that a Dispensary may be started at Ballu and states that the Ballu people are willing to construct type design buildings for the Dispensary and provide free quarters for the Sub-Assistant Surgeon. Compounder and Midwife.

This may be considered at the time of the next budget discussions.

53. Settlement of details connected with the naming of the Local Fund Dispensary at Sravanabelgola after the donor of the buildings Mr. G. K Padmarajiah, and installing his portrait in the building.

Resolution.—Resolved that a convenient date may be fixed in consultation with Mr. G. K. Padmarajiah and that the Standing Committee may make needful arrangements.

54. Letter No. G. C. 460-11, dated 11th January 1928, from the Senior Surgeon in Mysore, calling for the opinion of the District Board about the granting of a Dispensary to Hethur.

Resolution.—Resolved that besides the aforesaid two Malnad Improvement Dispensaries, the one at Belgode may also be converted into an Local Fund Dispensary and a Malnad Improvement Dispensary opened at Hethur, as soon as the promised Dispensary building is completed by Mr. Iygoor Puttegowda. The conversion of Belgode Malnad Improvement Dispensary is conditional on the Belgode people fulfiling their promise to construct new buildings for the medical institution and the people may be informed that if they do not fulfil their promise at a very early date, the institution may have to be transferred.

55. Arrangements to be made in connection with the opening ceremony of Srimati Narsamma's Hospital for Women and Children and Maternity at Hole-Narsipur.

Resolution.—The Standing Committee are authorised to take all needful steps and incur necessary expenses, keeping in view the resolution passed by the District Board during its previous constitution.

Next Meeting of the Board.—The next meeting may be held at Sravanabelgola on a convenient day and the same intimated to members.

The Board expressed its obligations to the Senior Surgeon for having kindly attended the meeting and enabled the solution of important questions relating to Medical relief in this District.

Subject No. 1 of the Standing Committee held on 13th July 1927.)

Resolution No. 1 of the Standing Committee held on 21st December 1927.—"Resolved that in view of the communication dated 20th October 1927, received from the Government in this connection, the Standing Committee after a careful consideration of the question accept the decision of Government regarding the terms under which the Proprietorship of the Shimoga-Arasalu Railway Line and the transference of the loan to Government will be taken over by Government. The Standing Committee recommend the acceptance of this resolution to the District Board.

The resolution of the Board in the matter may be communicated to all the debenture holders and their views ascertained and duly intimated to Government."

Resolution of the District Board.—The resolution of the Standing Committee in this connection is approved.

32. Letter No. L. 860-7—L. B. 52-27-1, dated 15th May 1927, from the General Secretary to Government, requesting the opinion of the Board on the subjects noted on the recommendations of the Joint Toll Committee regarding the establishment and administration of Toll-gates. (Subject No. 71 referred to the Standing Committee at the District Board Meeting held on 13th July 1927.)

Also letter No. C. 76—L. B. 27-28, dated 14th December 1927, from the President, District Board, Shimoga, to the General Secretary to Government, making certain suggestions relating to the establishment of new toll-gates.

Resolution No. 4 of the Standing Committee held on 21st December 1927.—Resolved that as Toll-gates Nos. 2, 3 and 4 relating to this District under Appendix II have already come into existence, no further action need be taken in regard to them.

Resolved further that the Standing Committee approve of the establishment of Toll-gates at the border of the District on:—

1. Honnali-Rattehalli Road and
5. Sorab-Sirsi Road.

suggested in Appendix II of the Government Order.

Channagiri-Holalkere Road.—There is already a District Fund Toll-gate at Channagiri and the opening of another one at the District Boundary is not possible as it would conflict with the general principles laid down in this connection.

Tirthahalli-Koppa Road.—Resolved that the Standing Committee are not in favour of establishing a Toll-gate on the Tirthahalli-Koppa Road, in view of the fact that there is not much traffic on it and further that in the absence of a bridge across the Tunga River near Tirthahalli, the levy of a toll would result in much hardship to the neighbouring villagers as there is practically no through traffic along this road.

Sulekere-Sasalu Road.—As regards the establishment of a Toll-gate on the Sulekere-Sasalu Road, the Standing Committee consider that as there is already a Toll-gate at Sulekere, the establishment of another one at Sasalu is not necessary in view of the fact that the distance is just 18 miles and the road does not go beyond Sasalu. The question will be considered later on after examining the traffic conditions near Sasalu.

The Standing Committee consider the establishment of a Toll-gate near Humchadakatte necessary and instead of the abovementioned three Toll-gates, recommend the establishment of this Toll-gate from the next financial year.

The establishment of these new Toll-gates cannot be taken up till the commencement of the next year since this will interfere with the terms of contract entered into by the District Board with contractors in respect of existing Toll-gates.

Resolution of the District Board.—The Resolution of the Standing Committee is approved.

33. Government Order No. L. 1985-6—L. B. 212-26-7, dated 4th October 1927, sanctioning with certain observations the Budget Estimates of the District Board for 1927-28.

Resolution.—Recorded. The appropriation of the surplus amounts surrendered by Taluk Boards towards adjustment of the District Board Finances will affect the interests of the taluks concered prejudiciously and these taluks will be deprived of the opportunity of carrying out useful public works. The subject requires further examination for a representation being made to Government.

33(*a*) Government Order No. 5749-51—Sany. 5-25-63, dated 23rd November 1927, directing that provision be made in the District Board Budget Estimates for the current

year for meeting Rs. 2,000 being the moiety of the cost of constructing a bridge on the Muniyur Halla on Anantnapur-Tirthahalli Road, the other half being met out of Malnad Improvement and Public Works Funds in equal shares.

Resolution of the District Board.—Resolved that the Resolution of the Standing Committee be approved.

(*b*) And also Government Order No. L. 3862-4—L. B. 130-27-2, dated 4th January 1928, directing that the cost, *viz.*, Rs. 8,200 of constructing the collapsed Balekoppa Bridge on Koppa-Tirthahalli Road may be met equally from the grant made to the District out of the Irrigation Cess Fund and by the District Board in the current year's Budget.

Resolution.—Recorded.

B. 176-27-5, dated the 17th November 1927, sanctioning the utilisation of Rs. 8,140 out of the allotment of Rs. 15,000 sanctioned out of Irrigation Cess Funds for improvement of roads and bridges in this district during the current official year for works proposed by the Board and disallowing the provisions made (1) for special repairs Rs. 4,000 and (2) a portion of the cost of a Steam Road Roller to the value of Rs. 2,850.

Also letter No. 685, dated the 9th December 1927, from the Executive Engineer furnishing proposals for utilising the sum of Rs. 6,850 disallowed in the above Government Order on some urgent works referred to in his communication.

Resolution No. 7 of the Standing Committee held on 21st December 1927.—The following works may be proposed for the sum of Rs. 6,850 in lieu of the items disallowed by Government in their order No. 3719-21—L. R. 176-25-5, dated 17th November 1927:—

1. Additional allotment for the Balekoppa Bridge Rs. 2,850. This is necessary in view of the fact that the provision made therefor in the District Board Budget is disallowed by Government and fresh allotment is necessary for completing the work.

2. Rs. 2,000 for constructing a masonry tunnel of 4 vents at 3/45 on the Shimoga-Sorab-Sirsi Road, estimate for which has been sanctioned but work held over for want of funds.

3. An additional allotment of Rs. 1,000 will be made for the Kudligere-Holehonnur Road in view of the fact that no allotment can be made for this work out of the Malnad Improvement Budget.

4. A grant-in-aid of Rs. 500 may be sanctioned to the Mumbar-Humcha Road (village) which the villagers have undertaken to form and in respect of which considerable amount of work has already been done. Rs. 500 will be held in reserve to meet deficiencies in respect of cost incurred in working out these newly proposed roads.

To this extent the Executive Engineer's proposals are modified and accepted.

Resolution of the District Board.—Resolved that the recommendations of the Standing Committee be approved.

Letter dated 31st March 1927, from the Chairman of the Meeting of the residents of Kudli held on 31st March 1927, forwarding a copy of the resolution requesting the Board to transfer the Kudli Jatra collection to the Kudli Village Panchayet for being utilised towards the improvement of the place, etc. (Deferred subject No. 19 of the District Board Meeting held on 20th May 1927.)

(Deferred subject No. 22 of the meeting held on 27th August 1927.)

Resolution.—The amount may be paid and a new bull purchased.

37. Petition of Veerabasappa of Manchikoppa, surety of Mr. Channabasappa, Toll-gate Contractor of Hulaginkoppa Toll-gate during 18-19 praying for remission of Rs. 486-14-6 with interest as he suffered great loss by the control of food stuffs during the period. (Deferred subject No. 70 of the District Board Meeting held on 28 August 1927.)

Resolution.—Resolved that having regard to the poor circumstances of the surety and the previous history of the case it seems to be very hard to penalise the surety for the default of the contractor. The Board had once decided on extending the concession prayed for. There is a good case for remission and the amount due is remitted.

38. Resolution brought forward by Mr. B. Venkatagiriyappa, District Board Member, Sagar Taluk :—

(a) It is desirable that a list of road works the annual repairs of which were hitherto being done by the Taluk Board should be prepared, and that estimates for these works may be prepared before the end of July and that works completed and final measurements taken before the end of October each year.

C. 311-85, dated 1st October 1927, from the Senior Surgeon with the Government of Mysore, intimating that a recommendation will be made to Government to meet half the cost of constructing a dispensary at Hilikere in Tirthahalli Taluk, estimated to cost Rs. 10,626 if the District Board will meet the other half. (Deferred Subject No. 57 of the District Board Meeting held on 27th August 1927.)

Resolution.—The District Board will be prepared to contribute the balance of the amount required to make up the amount the moiety of the cost of the building amounting to Rs. 5,312-8-0 in which should be included the sum of Rs. 2,000 paid by Mr. Devangi Ramanna Gowda. This would mean that the District Board is willing to pay Rs. 3,312-8-0 towards this scheme.

43. Report No. 12, dated 13th July 1927, from the Amildar, Channagiri Taluk, stating that with reference to the revised estimate for sinking a well at Yeregattihalli sanctioned for Rs. 2,100 in Government Order No. L. 6971-3—L. Resolution.—Instead of constructing a separate shed at a cost of Rs. 1,000, it is desirable that a suitable building should be rented at a reasonable rent and this arrangement may be tried for a year or two.

45. Letter No. C. 179, dated 25th August 1927, from the Sanitary Commissioner in Mysore, requesting to furnish the opinion of the Board as to whether they would be agreeable to meet a part of the travelling allowance of the District Health Officer when he goes out mainly on District Board work.

Resolution.—The Board are of opinion that the dispensaries at Agumbe and Hulikere may be made permanent but the entire maintenance charges on each of these dispensaries should be met out of State Funds, as the finances of the District Board are such that the normal income and expenditure just balance each other and there is no margin left for any development work.

B. of 27-28, dated the 6th September 1927, from the Director of Public Instruction in Mysore, requesting to furnish the views of the Board about their willingness to meet any portion of the recurring and non-recurring cost (Rs. 2,000 and Rs. 1,200 respectively) of opening Industrial Classes for teaching Cart Making at Channagiri as an adjunct to the Boys' Middle School.

Also memo No. 171, dated 3rd February 1928, from the District Economic Superintendent, Shimoga, on the subject.

Resolution.—The Board are of opinion that it is desirable to start a separate Industrial School at Channagiri for training artisans in carpentry and cart-making. The Board are not in favour of attaching a Carpentry Class as an adjunct to the local Middle School, as this will not afford facilities for children of the artisan classes to derive benefit therefrom. In view of this the Board would like to have a correct idea of the cost of establishing a *pucca* Industrial School on a moderate scale.

48. Letter Nos. 191, dated 3rd August 1927 and C. 302—26-27, dated 26th August 1927 and 1530, dated 19th August 1927, from the District Forest Officer, Shimoga, the District Superintendent of Police and the District Inspector of Education intimating that with reference to the resolution passed by the Board at their meeting held on 23rd March 1927, they are willing to take charge of the Musafirkana at Guddekoppa for the use of their Department only free of rent.

The Standing Committee recommend the acceptance of this resolution to the District Board. The resolution of the Board in the matter may be communicated to all the debenture holders and their views ascertained and duly intimated to Government.

2. G. O. No. L. 2124—L. B. 72-27-2, dated 13th October 1927, received in reply to the recommendations made by the District Board in President's No. C. 9—L. B. 26-27, dated 14th September 1927, directing that the services of the Railway Accountant may be retained till the end of December 1927 and discontinued thereafter with the observation that the appointment was sanctioned temporarily over 10 years ago and has been continued from time to time ever since and it is not likely that there is sufficient work for a special clerk on account of the Railway Loan raised by the Board.

Also letter No. C. 9—L. B. 26-27, dated 6th December 1927, from the President to the General Secretary to Government requesting to obtain sanction of Government for the reasons stated therein to the continuance of the services of the Railway Accountant for another period of 3 months.

Resolution.—Resolved that the action taken by the President, District Board, is approved. The question of continuance of the Railway Loan Accounts clerk after three months will be taken up if by that time the transfer of the whole concern to Government is not finally concluded.

3. G. O. No. R. S. 167-70—Ry. F. 91-E. 27-28, dated 28th July 1927, sanctioning the proposition statement of general charges for Shimoga-Arasalu Railway for 1927-28.

(*a*) Detailed estimate for the construction of the Shimoga-Ragihosahalli Line.

Resolution.—Recorded.

4. Letter No. L. 860-7—L. B. 52-27-1, dated 15th May 1927, from the General Secretary to Government requesting the opinion of the Board on the subjects noted on the recommendations of the Joint Toll Committee regarding the establishment and administration of Toll-gates.

(Subject No. 71 referred to the Standing Committee at the District Board Meeting held on 13th July 1927).

Also letter No. C. 76—L. B. 27-28, dated 14th December 1927, from the President, to the General Secretary to Government making certain suggestions relating to the establishment of new Toll-gates.

Resolution.—Resolved that as Toll-gates Nos. 2, 3 and 4 relating to this District under Appendix II have already come into existence, no further action need be taken in regard to them.

Resolved further that the Standing Committee approve of the establishment of Toll-gates at the border of the District on. 1. Honnali-Rattehalli Road and 5. Sorab-Sirsi Road. Suggested in Appendix II of the Government Order.

Channagiri-Holalkere Road :—

There is already a District Fund Toll-gate at Channagiri and the opening of another one at the District Boundary is not possible as it would conflict with the general principles laid down in this connection.

Tirthahalli-Koppa Road :—

Resolved that the Standing Committee are not in favour of establishing a Toll-gate on the Tirthahalli-Koppa Road, in view of the fact that there is not much traffic on it and further that in the absence of a bridge across the Tunga River near Tirthahalli, the levy of a Toll would result in much hardship to the neighbouring villagers as there is practically no through traffic along this road.

Sulekere-Sasalu Road—As regards the establishment of a Toll Gate on the Sulekere-Sasalu Road, the Standing Committee consider, that as there is already a Toll Gate at Sulekere, the establishment of another one at Sasalu is not necessary in view of the fact that the distance is just 18 miles and the road does not go beyond Sasalu. The question will be considered later on after examining the traffic conditions near Sasalu.

The Standing Committee consider the establishment of a Toll-gate near Humchadakatte necessary and instead of the abovementioned three Toll-gates, recommend the establishment of this Toll-gate from the next financial year.

The establishment of these new Toll-gates cannot be taken up till the commencement of the next year since this will interfere with the terms of contract entered into by the District Board with contractors in respect of existing Toll-gates.

5. Letter No R. O. C. 1287—26-27, dated the 18th August 1927, from the Director of Agriculture in Mysore, forwarding a set of draft rules for grant of scholarships for students to pursue special courses in Agriculture as requested by the District Board.

(*Vide* Subject No. 6 of the Standing Committee held on 13th July 1927.)

Resolution.—Recorded.

6. G. O. No. L. 1985-6—L. B. 212-26-7, dated 4th October 1927, sanctioning with certain observations the Budget Estimates of the District Board for 1927-28.

Resolution.—Deferred.

G. O. No. G. 5749-51—Sany. 5-25-63, dated 23rd November 1927, directing that provision be made in the District Board Budget Estimates for the current year for meeting Rs. 2,000, being the moiety of the cost of constructing a bridge on the Muniyur Halla on Anantapur-Tirthahalli Road, the other half being met out of Malnad Improvement and Public Works Funds in equal shares.

Resolution.—Recorded with the observation that the District Board quota of the cost of this work be met out of the closing balance of the District Board during the current year.

7. G. O. No. 3719-21—L. R. 176-27-5, dated the 17th November 1927, sanctioning the utilisation of Rs. 8,140 out of the allotment of Rs. 15,000, sanctioned out of Irrigation Cess Funds for improvement of roads and bridges in this District during the current official year for works proposed by the Board and disallowing the provisions made (1) for special repairs (Rs. 4,000) and (2) a portion of the cost of a steam road-roller to the value of Rs. 2,850.

Also letter No. 685, dated the 9th December 1927, from the Executive Engineer, furnishing proposals for utilising the sum of Rs. 6,850 disallowed in the above Government Order, on some urgent works referred to in his communication.

Resolution.—The following works may be proposed for the sum of Rs. 6,850 in lieu of the items disallowed by Government in their Order No. 3719-21—L. R. 176-25-5, dated 17th November 1927.

(1) Additional allotment for the Balekoppa Bridge Rs. 2,850. This is necessary in view of the fact that the provision made therefor in the District Board Budget is disallowed by Government and fresh allotment is necessary for completing the work.

(2) Rupees two thousand for constructing a masonry tunnel of 4 vents at 3/45 on the Shimoga-Sorab-Sirsi Road, estimate for which has been sanctioned but work held over for want of funds.

An additional allotment of Rs. 1,000 will be made for the Kudligere-Holehonnur Road in view of the fact that no allotment can be made for this work out of the Malnad Improvement Budget.

A grant-in-aid of Rs. 500, may be sanctioned to the Mumbar-Humcha Road (village) which the villagers have undertaken to form and in respect of which considerable amount of work has already been done. Rupees 500 will be held in reserve to meet deficiencies in respect of cost incurred in working out these newly proposed Roads.

To this extent the Executive Engineer's proposals are modified and accepted.

8. Report No. 27, dated 2nd October 1927, from the Amildar, Nagar Taluk, submitting for sanction an estimate for Rs. 435 for preparing 3 wooden dug-outs for the ferries on Kedalgudde, Malali and Mudaba rivers in the Nagar Taluk.

Resolution.—Sanctioned and may be met out of the closing balance if it cannot be met out of reappropriation from sanctioned grants.

9. Report No. 33, dated 17th September 1927, from the Amildar, Channagiri, submitting the arrear Travelling Allowance Bills of the Vice-President of the late Taluk Board.

Resolution.—The Travelling Allowance Bill at the rate of Rs. 25 per month be allowed in respect of journeys performed by the Vice-President from July 1926 to January 1927.

10. Report No. 32, dated 17th September 1927, from the Amildar, Channagiri Taluk explaining the reasons for excess expenditure over the budget allotment of the Taluk Board during 1925-26 and 1926-27.

Resolution.—Deferred.

11. Petition dated 11th December 1927, from the Villagers of Mumbar, Hiriyogi, etc., in Nagar Taluk praying for opening out a road from Mumber to Humcha.

(ii) Also report No. A. 4338, dated 29th November 1927, from the Amildar, Nagar Taluk, stating that raiyats have done improvement work to the existing cart-track to the value of about Rs. 400 or Rs. 500 and requesting to sanction an allotment of Rs. 500 out of Malnad Improvement or Rural Reconstruction Funds for necessary repairs, etc.

Resolution.—*Vide* 7th Resolution sanctioning Rs. 500 as grant-in-aid out of the Irrigation Cess Fund balance.

12. Memo No. G. L. 1769—27-28, dated the 20th December 1927, from the Deputy Commissioner, Shimoga, requesting to place at the disposal of the District Scout Commissioner a sum of Rs. 250, out of the District Board Funds sanctioned last year for expenditure in connection with the holding of a 'Scout Training Camp' at Shimoga.

(*Vide* G. O. No. 7718-19—L. B. 184-26-2, dated 25th April 1927).

Resolution.—The grant of Rs. 250 towards the expenses of the camp proposed to be held this year may be renewed.

15. The contractor and his employees shall always behave courteously towards the travelling public and shall not harass them or give them trouble of any kind and he shall maintain at the toll-gate a book, wherein travellers may record complaints, and forward true extracts thereof once a week to the Amildar.

16. The contractor shall conform generally to the rules published in the late Chief Commissioner's Notification No. 274, dated the 4th November 1876, as revised from time to time. He shall recognise all exemptions made by the statute or rules in force for the time being. He shall pay special attention to the points mentioned below :—

(*a*) A table of authorised tolls shall be legibly written in English and Kannada and shall be put up in a conspicuous place near the toll-gate, together with a copy of these rules.

(*b*) (1) No more than one payment of toll shall be demanded at any one toll bar, gate or station in respect of any carriage or cart in any one period of 24 hours.

(2) No toll should be levied at a frontier toll-gate in Mysore on any cart, etc., passing the gate if within a period of 24 hours a toll has been collected thereon at a British toll-gate in respect of which reciprocity has been obtained in consultation with the British authorities.

(*c*) Carts laden with manure or other substance used as manure, shall be exempt from payment of toll at all the interior toll-gates and shall pay at the rate prescribed for unladen carts at all the frontier toll-gates; provided that no toll shall be levied on carts belonging to agriculturists residing within 5 miles of the toll-gates when such carts are carrying manure, implements, seeds, or agricultural produce to and from their fields and when they return unladen.

Note.—Any claim for exemption under this rule shall be supported by a certificate signed by the Patel or Chairman of the Village Panchayet of the village to which the cart belongs.

(*d*) No toll shall be levied on foot passengers.

(*e*) No tolls shall be levied for the passage of troops or Military Stores or equipages or of Police Officers in uniform on duty or of any person or property in their custody or of any property *bona fide* belonging to Government, the proof of which should be established by a production of a pass or certificate from any officer of the department to which the property belongs, such officer being duly authorised by the Deputy Commissioner or by Government to grant such certificates or passes. Such pass or certificate should be delivered up at the last toll-gate passed by the cart, or carriage conveying such property before it reaches the destination noted in such pass or certificate.

(*f*) No toll shall be levied for the passage of carriages or carts, etc., at any toll-gate if they belong to a Local Board or Municipal Council, the proof of which is to be established by the production of a certificate signed by the President of such body or by such officer as may be authorised by the Government.

(*g*) No toll shall be levied for the passage of carriages, or carts, etc.—

(1) If they belong to His Highness the Maharaja, or His Highness the Yuvaraja;

(2) they belonging to the Hon'ble the British Resident in Mysore;

(3) they are engaged by the Postal Department exclusively to carry Mails;

(4) they belong to person who has compounded with the proper authority in accordance with the rules framed by Government; and

(5) they convey British Military Officers in uniform passing on duty.

(*h*) No toll shall be levied on any conveyance used for ambulance purposes.

17. Any breach of the above conditions or rules on the part of the contractor or his servants will entail the forfeiture of the deposit or the levy of a fine not exceeding Rs. 50, for each infringement. If the fine be not paid or in the event of instalments or other sums due not being paid within the prescribed date, it shall be competent to the Deputy Commissioner to suspend further collection of toll by the contractor and dispose of the right to collect the toll during the remaining period by a resale or otherwise. The resale will be held at the risk of the defaulting contractor, who shall be liable to make good all losses accruing but shall not be entitled to any profits arising from the resale.

18. The imposition of fine or resale of the contract shall be no bar to the prosecution of the contractor or his employees for any offence or to the institution of other legal steps against them under any law in force for the time being.

Continuation of the subjects on the Agenda for May 1928.

Subject No. 3.—To accept a tender for the construction of a row of shop buildings on the Mysore Road and the Sethu Rao Street.

Further consideration of the above subject was taken up from the point where it was left on 19th May 1928.

After sum discussion, the subject was deferred for a short time for working up certain figures regarding lump sum provisions made in the tenders. Captain Y. V. Ayya proposed and Mr. N. Balakrishniah seconded that subject No. 21, on the Agenda for May 1928, relating to the plan and the estimates amounting to Rs. 90,000, for the construction of a Municipal Office be advanced and considered. This was put up to vote and carried, voting 13 'For' and 3 'Against'.

Subject No. 21.—To approve plans and estimates amounting to Rs. 90,000, for the construction of a Municipal Office.

Resolution.—The President proposed and Captain Y. V. Ayya, seconded that the plan of the New Municipal Office, already approved by Government and the estimate amounting to Rs. 90,000, received from the Special Engineer, City Improvement Works, for the purpose be sanctioned, the construction of the building being spread over a period of two years. This was put to vote and carried unanimously.

At the suggestion of some of the members, subject No. 15. was taken up by preference.

15. To consider letter No. B. 1-226-13, dated 12th January 1928, from the Department of Public Instruction in Mysore, requesting to intimate whether a Kannada Maharatti School can be constructed on the site acquired in Purana Seshachar Lane. Also Office Note stating that the City Improvement Committee in their meeting, dated 22nd December 1925, did not approve the location of the school building in the locality.

(2) Also resolution of the City Improvement Committee, dated 12th April 1928, to the effect that a plot of ground measuring 60′×30′ abutting Khode Eswarasa's house may be allowed free of cost, for the construction of the Maharatti School.

Govinda Rao seconded that the opinion of the Municipal City Improvement Committee, dated 12th April 1928, that a plot of land measuring 60′×30′ abutting Kode Eswarasa's house may be allowed free of cost for the construction of the Maharatta School be approved.

Discussion of Subject No. 3, regarding tenders for the construction of shops on Mysore Road and Sethu Rao Street was resumed.

Mr. S. N. M. Razvi proposed and Mr. S. Venkatarangiengar seconded that the lowest tender offered be accepted.

Mr. B. Kempanna proposed and Mr. M. Muniswamy seconded that the next lowest tender be accepted.

Mr. W. H. Hanumanthappa wanted to serutinise the particulars of the estimate including the provision made for staircase for fixing old burnt stone-slabs for constructing pediments, gates, another staircase, zinc spouts, stating that the Engineer has not estimated the cost of these items and that in the comparative statement should be prepared and placed before council.

The President ruled that since the estimates have been prepared by the Special Engineeer scrutinized and sanctioned by the Chief Engineer to Government would not permit to raise a debate on the technical defects, correctness or otherwise of the estimates at this stage.

Mr. C. N. Narasinga Rao raised a point of order that as no modified plan and estimate restricting the construction of shops only to the Municipal land have been separately prepared and placed before the Council, any resolution on the subject at this stage will be invalid.

The President gave a ruling that the revised estimate and modified plan for Rs. 48,000 pertain to the construction of ground floor shopes only, that it is specifically mentioned in the tender notice (para 13) that the construction of the shops will be restricted to Municipal land only and that therefore Mr. C. N. Narasinga Rao's point does not arise.

The proposition of Mr. S. N. M. Razvi that the lowest tender be accepted was put to vote and carried 11 voting 'For' and 8 'Against' it.

In the result the tender of Mr. Nanjundappa being the lowest for Rs. 35,505-14-10 without the lumpsum items and Rs. 39,655-14-0 with the lumpsum items was accepted.

The District Medical Officer and the Executive Engineer, Hassan Division, were present on invitation.

1. Budget estimates for the year 1928-29.

Resolutions of the Standing Committee on the draft budget estimates prepared in the office.

(1) That as the Kerlapnr bridge is practically completed and will be available for traffic from the middle of July 1928, toll may be levied thereon at the maximum rates with effect from 1st August 1928.

(2) That the provision for Iswarahallihalla should be for a girder bridge and not for a causeway.

(3) That the provision of Rs. 2,270 for fixing guard stones and widening embankment on Rachenahalli tank bund may be omitted for the present.

(4) It is ascertained that as regards 17 miles of Bage-Belur Road, 7 miles have a mileage allotment of Rs. 200 a mile and that portion is worked by D. P. W. As regards the other 10 miles, it is learnt that only 9 miles are in charge of Capt. Young. Information may be obtained about the agency that is executing the repairs for the length of one mile. It is noted that no money appears to have been spent over this length of one mile at all at any rate from the 9th mile up to the Arehalli sign post.

(5) That Rs 2,000 may be provided on the expenditure side under D. P. W. for restoring the Arkalgud-Maroor Gubbi-Hallimysore road.

(6) That as regards provision for toll houses, on the expenditure side, the cost of Rs. 1,000 seems to be somewhat high, but the estimates and plans may be obtained and scrutinised taking into consideration the accommodation required to be provided for in each case.

(7) That the cost for additions and alterations to Rangacharlu chattram at Arsikere may be increased to Rs. 4,000.

(8) That the provision for Native Kitchen and Motor Garage for Hirisave Travellers' Bungalow may raised to Rs. 1,500.

(9) That the provision for Siddapur-Banawar road, on the expenditure side be increased by Rs. 740 as the same is required for the road, in addition to Rs. 3,850 required for the bridge work provided for.

(10) That the grant of Rs. 10 to the Vydyan at Kerlapur may be stopped.

(11) That competent Vydyans may also be trained in Vaccination work, with a view to make vaccination work more widespread in the interior and provision made for meeting their expenses.

(12) That a lamp be kept burning throughout the night, in all important Musafirkhanas and Travellers' Bungalows which are under the management of the District Board.

(13) That Budget as drafted is approved with the observations noted above.

The draft budget estimate prepared in the office and the resolutions of the standing committee were considered in detail at the meeting of the Board, and the following resolutions were passed :—

Resolution.—That a sum of Rs. 3,000 be provided on the expenditure side for the improvement and formation of Hirisave-Nonavinkere road.

(*b*) That it is not necessary to have a well at Karehalli toll-gate, but the allotment of Rs. 915 therefor may be utilised if necessary, for improving the well near Karehalli Police Station opposite the Shandy grounds.

(*c*) That Rs. 2,000 may be provided on the expenditure side for the Sravanabelgola-Nagamangala road and Rs. 2,000 for Channarayapatna-Bagur road.

(*d*) Capt. Young draws attention to the fact that the grant of Rs. 10 per mile for the Gadamane road, which is 8 miles in length is too small that hundreds of rupees are spent annually for repairs, and that the grant may be increased to at least Rs. 50 a mile. It is understood that the said road serves not only the estate but also a number of other villages, such as (i) Kadamane, (ii) Gudanakere, (iii) Gandimane, (iv) Kattadi, (v) Vajagere, (vi) Kallarmane, (vii) Nattally, (viii) Goadmane and (ix) Komaramane.

Mr. S. Venkatesaiaya proposes that a lumpsum grant of Rs. 250 may be given for the year 1928-29, and that Mr. Beadnell may be informed that the question of increasing the grant to Rs. 50 per mile will be considered sympathetically when framing the budget for 1929-30. The proposition of Mr. S. Venkatesaiaya is accepted unanimously bearing in mind the fact that not less than two to three hundred rupees are being spent every year for the up-keep of this road by the Proprietor of the Gadamane Estate.

(e) That the provision for contributions for the construction of Hospital and Dispensary buildings, etc., may be raised to Rs. 5,000 as contribution will have to be paid for the construction of Hospitals at Belgode, and other places, wherever private subscriptions have already been received.

(f) That as regards resolution No. 6 of the Standing Committee, about the construction of toll houses, zinc sheet sheds may be provided instead of pukka buildings at a cost of Rs. 1,000 and odd, except at Kyathehole.

NOTE :—*Re* : item No. 4 of the resolution of the Standing Committee, it is stated by the Executive Engineer, that the one mile question is being attended to by the D. P. W. the work being got executed on petty contract.

The draft Budget Estimates are passed subject to the resolutions of the Standing Committee and the abovenoted resolutions of the Board.

This Board in re-affirming its resolution No. 35 passed in its sessions held on January 21st and 22nd, 1928, urges on the attention of Government that if the bus traffic should be suspended for three monsoon months (1) not merely the bus Proprietors will be ruined now but also the planters who will have to import large number of coolies to work in the Coffee and Cardamom gardens as the work of picking, etc., will have to be done during the said months, (2) that such periodical stoppages are likely to attend in the total stoppage of bus service as no business man can keep his Buses idle for 3 months and maintain an establishment, a contingency which would certainly lead to the rapid further deterioration of the malnad areas and (3) that the roads being properties of the Board an order the adverse effects of which are so patent should have been passed without its consent and that the order should have been given effect to despite its emphatic protest are matters which are worthy of consideration by Government.

Moved by Mr. Basavegowda and seconded by Mr. S. Venkatesaiya.

Capt. Young observes that the motor vehicles rules are not properly observed in the matter of the protection to the Driver from the pressure of passengers.

Resolution.—The proposition is passed unanimously and the Board would particularly draw attention to the fact that skidding is not peculiar to the buses, and that this seems to be an innovation after the experience of years of bus traffic during the monsoons in the Malnad. The Board would however not be opposed to necessary action being taken to ensure public safety by restrictions and taking other precautions according to rules in force. Copies of this may be sent to Government and the District Magistrates and the Executive Engineer.

358. Proposition from 18 Municipal Councillors *re* reconsideration of the Chief Sanitary Inspector Mr. C. Basavalinga Chetty's case.

Resolution passed by the City Municipal Council, Mysore, held on 28th April 1928, regarding the Chief Sanitary Inspector:—

"Moved by Mr. E. Ramaswamy Iyer, that the Chief Sanitary Inspector may be retired compulsorily as the Municipal Council find his work unsatisfactory and can find no work for him, seconded by Mr. K. Dhanakoti Chetty and carried (9 for and 7 against)."

Proposition.—In view of the fact.

(*a*) that the above resolution regarding the retirement of the Chief Sanitary Inspector was passed without any previous notice of the same being given on the Agenda and could not have been introduced by way of an amendment on the Governmet Order issued about him.

(*b*) That the Government Order assigning certain duties to the Chief Sanitary Inspector, *viz.*, control of Markets in the City and of Kannegowdana Koppal was set at naught instead of being either adopted or referred back to the Government.

(*c*) That the punishing of a Government Official without framing specific charges against him and obtaining ***no explanation at all from him*** is opposed to the Standing Orders of the Government, in spite of the fact that the Chief Sanitary Inspector's good work, especially during the recent severe outbreak of small-pox in the City, was commended to the kind notice of the Municipal Council and that his 22 years in this Municipality, has all along been approved of, by his superior officers.

(*d*) That the passing of the above resolution regarding a Government Official lent to the Municipality and Proceedings connected therewith are ultra vires, as being opposed to the Provisions of Section 26 Clause (3) of the Municipal Regulation.

(*e*) That the procedure adopted in this connection is all irregular and uncalled for.

The aforesaid resolution be cancelled and the same be communicated to the Goverment.

Resolution.—Proposed by Mr. M. P. Bhogiah and seconded by Mr. Mohamed Sait.

Mr. P. Sitaramiah proposed an amendment which was disallowed by a majority.

The proposition for cancellation of the previous resolution was carried by a large majority (16 for and 2 against).

4. Government Order No. L. 8923-40—V. P. 1027-49, dated 21st June 1928, issuing instructions in regard to the completion of works to be undertaken from Drinking Water Wells Fund.

Resolution.—The programme may be approved but as regards the utilisation of funds, the District Board would state as follows :—

The District Board is not in a position to make any grants tc these wells but although this is the case, they would urge for the consideration of Government the desirability of crediting all well grants from Government to the Drinking Water Wells Fund in the District Board accounts. This will facilitate the administration of the fund more satisfactorily than otherwise. If on the other hand grants are credited to the Panchayet Funds on the strength of estimates sanctioned and contributions paid, it may happen that large sums of money may remain locked up in Panchayets pending the slow execution of well works. If the amount is in a separate fund, it may enable a large number of urgent works being sanctioned and grants being made as works progress.

15. Letter No. L. 384—L. B. 228-27-2, dated 13—16th July 1928, from the General Secretary to Government, forwarding copy of notes received from the Chief Engineer in regard to the construction of a bridge across Bhadra River, between Holehonnur and Holalur, Shimoga Taluk, and requesting to intimate whether a toll-gate may be opened at the bridge, and if so, whether the annual income of Rs. 9,000 to 10,000 can be realised therefrom so as to recoup the expenditure to be incurred for the construction of the bridge.

Resolution.—The Board consider that a toll-gate on the proposed bridge at Holehonnur may be readily established when the bridge is constructed but they are not able to assure that the realisations from the toll-gate would amount to Rs. 9,000. It is possible that about Rs. 5,000 may be realised annually from the toll-gate.

16. Letter No. G. 1868—Med. 82-25-60, dated 9th August 1928, from the General Secretary to Government, to the Deputy Commissioner, Shimoga District, requesting to move the District Board for meeting their quota of the extra expenditure so far incurred, *viz.*, Rs. 536-2-3 and still to be incurred to the additions proposed, *viz.*, the construction of a store room, a dressing room, and a compounding room which are still to be added to the male block of the combined hospital at Tirthahalli.

Resolution.—The expenditure already incurred is sanctioned and the Board request that before further expenditure is incurred, they may be consulted beforehand.

17. Letter No. L. 1440—S. B. 45-27-6, dated 14th August 1928, from the General Secretary to Government requesting to forward the resolution of the Board in the matter of

refund of the amount subscribed towards the District Board Railway Loan, etc., by certain share-holders.

Resolution.—The Board are of opinion that refunds of the debenture amounts may be made in the case of the persons who have applied for the same within the time limit prescribed in the notice issued.

18. Letter No. L. 1231-8—L. B. 72-28-1, dated 2nd—7th August 1928, from the General Secretary to Government, forwarding for opinion of the Board a copy of Government Order proposed to be issued in connection with the constitution of a Road Fund.

Resolution.—May be referred to the Standing Committee.

19. Letter No. L. 8877-92—L. B. 220-27-1, dated 18th June 1928, from the General Secretary to Government, requesting to furnish the views of the District Board on the proposal of the Committee (adverted to in Government Order dated 15th May 1928), (1) to give partial exemption on vehicles which paid the full fee at provincial toll-gate within 25 miles of District or Municipal gate and *vice versa* and also (2) on the prohibition for the location of toll-gates within 25 miles of each other.

Resolution of the Standing Committee, dated 3rd October 1928.

"The Standing Committee are of opinion that the concessions contemplated do not really benefit the poorer classes using ordinary country vehicles. Such vehicles rarely travel more than 20 miles a day. The concession may no doubt prove to be an advantage in the case of persons using motor vehicles but even in this case the concession would complicate matters when either the Government or the Local Bodies compound the tolls with the motor owners. The Committee therefore are of opinion that existing state of things should continue both in the interests of local finances and in the smooth working of the rules.

"As regards the prohibition for the location of toll-gates within 25 miles each other, the Committee are of opinion that no hard and fast rules need be passsed in this connection, but that as far as possible while establishing new toll-gates this idea may be kept in view :—The establishment of toll-gates on bridges newly constructed being rigidly excluded from such considerations."

Resolution.—The resolution of the Standing Committee is accepted.

20. Letter No. 37, dated 21st—23rd June 1928, from the Chairman of the Mysore Dasara (All India) Exhibition, Lal-Bagh, Bangalore, intimating that since the Government have not sanctioned any amount for meeting the charges incidental to collection and transmission of exhibits from Districts and that the allotted amount for the exhibition does not admit of the expenditure, each District Board has got to bear its own cost, and that it would be a proper charge on the grant made for Economic Development work.

Resolution of the Standing Committee dated 3rd October 1928.

A sum of Rs. 250 may be sanctioned out of the grant made out of the Economic Development grant for expenditure in connection with the Dasara (All-India) Exhibition.

Resolution.—Approved.

21. Letter No. L. 2437—L. B. 207-27-2, dated 1st October 1928, from the General Secretary to Government, forwarding a copy of Memo No. D. 1391, dated 18—19th April 1928, from the Secretary, to Government, Public Works Department, regarding the construction of a bridge across the Honnali-Basavapatna Road in Honnali Taluk, and calling for the views of the Board in the matter of opening of a toll-gate at the proposed bridge and whether an income of Rs. 1,200 may be realised therefrom.

Resolution.—The Board have no objection to the establishment of a toll-gate on the proposed bridge when it is constructed but the Board are not prepared to guarantee an income of Rs. 1,200 per annum from the toll-gate.

22. Letter No. L. 5488-5503, dated 12th March 1928, from the General Secretary to Government, requesting to furnish suitable proposals for housing the working classes in cities, towns and villages and how the Board can arrange to finance the scheme.

Resolution.—This is a subject which concerns the Municipal Councils more than the District Board. Besides the scheme is one which involves financial considerations for which many of the District Boards may not have the necessary resources. The housing of working classes in villages is not further an urgent problem.

23. Letter No. G. C. 516-21, dated 26th July 1928, from the Senior Surgeon in Mysore, forwarding for information the cost of the equipment required for maternity at Tirthahalli and requesting the views of the Board to meet their quota.

Resolution.—The Board consider that these are not necessary, as there is a Vydyasala at Nittur near by which may eventually be converted to an L. F. Dispensary on a reduced scale. Resolution of 29th and 30th October 1927, on the subject was also considered.

14. Deputy Commissioner's letter No. D1. Per. 10—6298-28, dated 18th September 1928, forwarding a list of local subjects brought forward by Representative Assembly Members at the District Meeting held at Hassan on 13th September 1928.

REPRESENTATIVE ASSEMBLY—LOCAL SUBJECTS.

Mr. A Narayana Iyengar, Hassan.—

(1) That an Intermediate College may be opened in Hassan.

Resolution.—The Board have been pressing for this College for many years and it is very desirable to have it in Hassan. The Board would repeat their previous resolution on the subject.

(2) That as the tank at Grama (Hassan Taluk) does not receive sufficient quantity of water every year most of the lands lying below it lie fallow. In order to remedy this defect the Halla which flows near Halasinahalli (Dudda Hobli) may be directed to the Grama Tank.

Resolution.—The Board are not in favour of the proposal as the Public Works Department do not consider the proposal as a feasible one and the Melagodu Tank suffers from want of sufficient supply.

(3) That as the temples of Ambuga and Mosale (Hassan Taluk) which are ancient monuments are badly in want of repairs, they may be repaired as early as possible so that they may not deteriorate.

Resolution.—The Board strong recommend that these temples require urgent repairs.

The Board recommend that the Mosale temple which has a tradition of its own may be brought under the operation of the Ancient Monument Preservation Act.

(4) That a road may be constructed from Ambuga Railway Station to the Bhavi Shandy *via* Markuli and Malali.

Resolution.—This is a matter for Village Panchayets to attend to. The road is not an important one.

(5) That as the Sri Jagadguru Sanskrit and Veda Patasala at Hassan gets only Rs. 10 as grant from Government, and as the sum is quite insufficient for the pay of the Pandits, etc., and considering the importance of the institution, the grant may be raised at least to Rs. 30.

Resolution.—The Board are not in a position to recommend an increase at present.

Mr. B. M. Devegowda, Belur Taluk.—

(6) That as proper medical facilities are not provided in the villages of the Malnad Taluks of the Hassan District, people are dying here in great numbers. Hence the Malnad parts may be provided with more dispensaries with qualified doctors, who should work without fees in all the villages within a radius of 8 miles from the dispensary.

Resolution.—The Board are of opinion that medical institutions are rapidly on the increase in this district.

The proposal that all Medical Officers should work without fees within a radius of 8 miles from the dispensary is not feasible.

Mr. S. V. Gurumurthiachar, Sravanabelagola.—

(7) Mr. Nanjegowda, Contractor had constructed a building worth thousands of rupees near the Kalyani, at Sravanabelagola for a Public Reading Room which was accordingly located therein. Now as there is a failure of the object of the charity, steps may be taken to fulfil the wishes of the donor.

Resolution.—This matter may be considered by the Sravanabelagola Municipality.

(8) An Ayurvedic Dispensary may be located at Kantarajapura for the convenience of the people of the neighbourhood.

Resolution.—This is not necessary on account of its proximity to Sravanabelagola where there is a decent hospital.

(9) The ancient Siva temple at Sravanabelagola may be renovated.

Resolution.—It is understood that this is not a Muzrai Institution. The building is said to be in a dilapidated condition. The Jain Mutt at Sravanabelagola has been giving some help for the maintenance of this temple. The Board are of opinion that the local municipality, mutt and the inhabitants may attend to the repairs. Government being requested to help them with a small grant.

Mr. M. Nanjappa, Kantarajapura.—

(10) The Mandagere bridge may be constructed to provide facilities for pilgrims going to Sravanabelagola and also for traffic.

Resolution.—The question is decided by Government against Mandagere.

(11) The Sri Rama Devaru Dam North Channel near Adagur Noranakki may be raised to a higher level as this will irrigate a larger area underneath.

Resolution.—The Executive Engineer Mr. R. L. Steele who is present here says he has inspected the spot and it is impossible to raise the level as proposed. The Board accept this view.

Mr. K. Mahadevappa, Hassan.—

(12) The dam at Halubagil, Hassan Taluk and the channel leading therefrom to Kattehosahalli, and Shankathirtha Channel in Palya Hobli, Alur Sub-Taluk.—As several lands are lying fallow and many land owners are paying Kandayam without any return, necessary arrangements may be made for the proper supply of water by means of survey and other means.

(b) If narrow pipes are not used for this (Shankathirtha Channel as far as Chatnahalli it will be difficult as time goes on, for water to flow as far as this village; and so narrow pipes may be provided or the system of locking the sluice pipes may be introduced, ensuring the proper supply of water all along.

Resolution.—The opinion of the Executive Engineer, was also considered. He observes that the Halvagil Anicut should be raised by one foot and that he will take steps in that direction. As regards the supply of water in Shankathirtha Channel, the Executive Engineer, has kindly agreed to investigate the matter thoroughly and do all that is possible.

(13) If the old Ramabhana sluice of Hunasinkere, Hassan Kasaba be repaired and a channel led therefrom many dry lands as far as Makanakatte of Guddenahalli, Chikkamandiganahalli, Doddamandiganahalli, etc., can be brought under wet cultivation and Government revenue be increased. The project deserves being surveyed, investigated and sanctioned.

Resolution.—The members who know the locality opine in favour of the proposal. The Executive Engineer Mr. Steele has kindly agreed to investigate the matter and then give his final opinion.

(14) Railway connection may be arranged between Mangalore and Hassan *via* Saklespur; between Arsikere and Hindupur *via* Huliyar, Sira and Madhugiri and between Chikmagalur and Arsikere *via* Belur. If the Uestern Sea Port of Mangalore and the Eastern Trade Centre, Hindupur are thus brought nearby communication there is no doubt that the trade of our State will highly prosper. If necessary the concerned District Boards may help in this undertaking and railway cess may also be levied.

Resolution.—The Board recommend that Hassan-Mangalore Railway may be taken up urgently.

The Board also recommend that the line between Chikmagalur and Arsikere *via* Belur and Javagal and then from Arsikere to Hindupur *via* Hiriyur, Sira and Madhugiri may be kindly investigated.

The question of the cess may be considered later on, after a final decision is come to by Government.

(15) For the convenience of the Malnad parts an Intermediate College may be located at Hassan.

Resolution.—This has been already approved and recommended for sanction by Government.

(16) If a bridge is constructed to the Cauvery river at Ramanathpur, Arkalgud Taluk, it will facilitate thousands of pilgrims visiting this place, as well as the imports and exports of Coorg, Mysore and Hassan Districts.

Resolution.—The Board are strongly in favour of this work and will contribute up to one lakh of rupees towards the cost, including the private subscriptions and donations that may be available, and the rest of the cost may be kindly borne by Govenment and the work put in hand early. It has already been resolved by the Board that a special appeal be humbly submitted to His Highness on the occation of His Highness' gracious visit to this district in the near future.

Messrs. K. Ramanna, Bale Venkatasamiah and Giddegowda.—

(17) (*a*) As the income in the Hole-Narsipur Town Railway Station is very good and as the station building is very small, a separate decent building may be constructed for the purpose.

Resolution.—The existing building may be extended or a separate building constructed.

(*b*) The gate of the Hassan Road is near this station and a Police constable and a watchman or gateman is necessary for this station. Telegraphic connection may also be given to this station.

Resolution.—A Police constable and a watchman are necessary but the Board are not in favour of recommending the telegraphic connection.

(18) The Sanskrit Grant-in-aid School in Hole-Narsipur may be converted to a Government School, and thus facilitate the study of Sanskrit in this place.

Withdrawn by the mover Mr. Ramanna.

(19) In spite of repeated representations from a long time *re* the dilapidated condition of Sri Lakshminarayanaswami temple at Hole-Narsipur the said repairs have not been effected. As this is a renowned ancient temple arrangements may kindly be made for its early repairs.

Resolution.—A portion of the temple building is in a dangerous condition. There are no temple funds available for effecting repairs. This a subject brought to the notice of the Dewan during his last visit to the place. The Board recommend that the estimate for Rs. 6,000 and odd furnished to the Muzrai Commissioner may be kindly sanctioned early and the work caused to be executed out of State Funds.

Mr. A. V. Suryanarayanasetti and M. N. Naganna.—

(20) During the car festival of Sri Subramanyaswami temple at Ramanathpur a day's Santharpane was being conducted from the interest realised on the amount contributed by devotees for the purpose and invested in the Taluk Treasury Savings Bank. As per Comptroller's orders this amount has been included in the Muzrai Fund and in spite of repeated representations this matter has not been disposed of. Even now this particular amount may be separated and the Santharpane may be conducted out of the interest and the surplus, if any, as well as the interest left out of account in former years may be added on to the capital.

Resolution.—The matter requires deeper investigation. The records have to be scrutinised from the very commencement from a time long prior to the date when some balances were struck some years ago. The member promises to give fuller details and, with the aid of the same references may be traced and original object of the investment carried out and on verification of the facts a detailed recommendation may be made to Government.

(21) In the Arkalgud-Hole-Narsipur Road there is heavy motor bus and bullock cart traffic. It is being represented from a long time that grade stones may be provided at Arehalla, Dyavarahalli and Kenagatte Tanks. As the travellers are subjected to much difficulty and apprehension of danger, grade stones may be fixed at the above places.

Resolution.—The proposal is sanctioned by the District Board but the order in which they should be undertaken may be settled by the President in consultation with the Executive Engineer.

Mr. Rudrappa, Halkur.—

(22) The District Fund Roads between Arsikere and Hassan, Arsikere and Huliyar *via* Banawar and Kanakatte, between Arsikere and Hassan *via* Gandasi and Dudda are in a very bad condition full of pits and ruts, ups and downs and highly inconvenient for traffic. As such proper repairs may be effected for these roads as soon as possible.

Resolution.—A special repair estimate for miles 1 to 9 for Arsikere-Hassan Road, may be sanctioned and worked out.

Re Arsikere-Huliyar Road this has been recently repaired at a cost of Rs. 20,000 and now special repair estimate is now possible. Labour in right time is wanted for satisfactorily executing annual repairs.

Re Banawar to Huliyar.—The mileage allotment has been increased for this road and for the portion over the tank bund at Kanakatte a special repair estimate is being worked out.

Re Arsikere-Hassan Road.—A special repair estimate may be sanctioned for the first ten miles beginning from Arsikere.

(23) The people of Halkur and surrounding villages are requesting from a very long time for the location of a Complete Middle School at Halkur and this request may be granted.

Resolution.—This has already been recorded by the Board for compliance.

(24) As Arsikere is thickly populated, is progressing in trade, and is further centrally situated, a Meternity Hospital may be necessarily located in this town.

Resolution.—A Maternity is already sanctioned. The question is pending on account of the selection of a suitable site.

15. Letter of the President, Lambani Shanga, Arsikere, praying for a drinking water well at Mirzapura village proposed to be constructed.

Resolution.—This question may be taken up after some people settle at the place.

16. Proposition of Mr. K. Ramanna, District Board Member, Hole-Narsipur.

"That a well may be sunk in the Doddahalli shandy grounds".

Resolution.—The need for a well at the place may be further investigated.

17. Question of establishing a toll-gate on the bridge constructed near Kerlapura by the Board.

Resolution.—The toll may be levied at the bridge as already resolved upon at the rates fixed for other District Fund toll-gates.

18. Chief Engineer's letter No. 2988, dated 26th September 1928, *re* supply of detailed information connected with works executed by the Public Works Department for the District Board.

Resolution.—The matter may be considered in detail by the Standing Committee in the first instance and definite recommendations made on the subject.

19. District Forest Officer's letter No. 363, dated 30th September 1928, requesting to pay the moiety of the cost of Rs. 145, for repairing the Salgame-Yelagunda Road during the year 1928-29.

Resolution.—The amount may be paid.

20. Petition of Yeraganalu villagers praying that the bridge constructed at the second sluice of their village major tank which was collapsed some ten years back may be got repaired as they are suffering for want of water for their lands.

Resolution.—There is nothing for the Board to do in this connection. It is understood that the work under reference is included in the programme of works for 1928-29 in the Public Works Department.

21. District Medical Officer's No. 202, dated 13th July 1928, forwarding Arehalli Sub-Assistant Surgeon's letter, recommending the enhancement of the pay of the Surgery cooly and water woman to Rs. 12 and Rs. 9 respectively.

Resolution.—This may be considered by the Standing Committee.

22. (*a*) Senior Surgeon's letter No. C. 3209-1, dated 6th July 1928, calling for the resolution of the Board in the matter of opening a dispensary at Halekote or to arrange for the weekly visits of the Hole-Narsipur Sub-Assistant Surgeon.

(*b*) Deputy Commissioner's letter No. 1651-26, dated 25th June 1928 in the matter.

Resolution.—The previous resolution of the District Board is confirmed.

23. Depty Commissioner's No. 831-27, dated 14th April 1928, calling for the opinion of the Board in the matter of (*a*) Opening a Vydyasala and (*b*) establishing a Shandy at Malali village, Hole-Narsipur Taluk.

Resolution.—(*a*) This is not feasible at present and the need for the Vydyasala is not urgent in view of the recent opening of the Local Fdnd Dispensary at Grama closeby.

(*b*) The Board are not in favour of a shandy on the place. There are shandies already within easy reach, such as Kodihalli, Jagaravalli, Grama, etc., and some of the members feel that the multiplication of petty shandies hampers trade and restricts opportunities of profitable sale of their produce to agriculturists by lessing competition.

24. District Medical Officer's No. 974, dated 25th August 1928, forwarding Halebid Sub-Assistant Surgeon's letter recommending the grant of Malnad allowance to the dispensary staff.

Resolution.—The Malnad Improvement Scheme was introduced to Halebid solely from health and sanitary considerations. In other matters, which are the only ones pertinent to the question of salaries and allowances conditions are purely those of the ordinary maidan and there are no special reasons for differentiation. The scale for this particular dispensary is based specifically on a reduced scale of expenditure, according to the scheme. The claim is inadmissible.

25. District Medical Officer's No. 767, dated 13th August 1928, forwarding extract from the inspection notes of the Local Fund Dispensary, Channarayapatna, in the matter of providing quarters to the Sub-Assistant Surgeon at the place.

Resolution.—The Board agree that for the present, a live fence may be put up instead of a compound wall and that the existing hospital building may be used for quarters for the Sub-Assistant Surgeon, a separate building at a cost of Rs. 6,000 and odd being built for the dispensary.

26. Deputy Commissioner's letter No. L. Dis. C. 522-28, dated 1st October 1928, *re* payment of the rent for the medical staff quarters at Halebid.

Resolution.—The medical staff must make their own arrangements for house rent, etc.

27. Letter No. 36, dated 1st—6th August 1928 of the Executive Engineer, Town Planning and Survey Division, forwarding a plan and estimate for Rs. 13,300 for water-supply and sanitary installation to the Maternity at Hole-Narsipur.

Resolution.—This may be referred to the Standing Committee for scrutiny and recommendation of a practical scheme to meet urgent requirements.

28. Senior Surgeon's letter No. G. C. 555-12, dated 22nd June 1928, calling for the resolution of the Board in the matter of providing a well and a compound wall to the Maternity at Saklespur.

(*b*) Executive Engineer's letter No. 262, dated 8th September 1928, forwarding an estimate for Rs. 2,598 for sinking a well and constructing a compound wall.

Resolution.—The estimate may be countersigned and District Board will pay its quota of cost, *i.e.*, 2/3 of half the cost, *i.e.*, one-third of the total cost, as half the cost has to be borne by Government, and the other half borne in the proportion of two to one by District Board and Saklespur Municipality respectively.

29. Letter of the President, Municipal Council, Hole-Narsipur (No. 170-22), dated 26th June 1928, in the matter of opening a Grant-in-aid High School at Hole-Narsipur.

Resolution.—The question was discussed at great length, and different aspects of the question were also touched upon during the discussions.

The following resolution was finally adopted :—

The attention of the Hole-Narsipur Municipal Council may be invited to the fact that ultimately the Municipality will have to bear a minimum monthly expenditure of between Rs. 225 to Rs. 300 with a probability that Rs. 300 per mensem will almost certainly be exceeded eventually. They may be requested to kindly furnish the Board with their opinion in the matter as to whether they would be prepared to bear the minimum monthly expenditure of Rs. 225 to Rs. 300 immediately from their own funds having regard to the G. O. No. D. 13775-78—Edn. 1000-27-5, dated 30th June 1928.

Subject.—*Consideration of the Draft Administration Report of the Bangalore City Municipality for* 1927-28.

The report was circulated to all the members of the Council. The President invited the members to offer remarks, if any.

Mr. B. K. Garudachar's observations:—

1. There has been a fall in the percentage of collections under assessed taxes and other items. Some explanation should be given.

2. Incidence of taxation has risen from Rs. 4-2-5 per head to Rs. 4-8-1. This should be explained, if possible.

3. Why large amounts have lapsed under public works and removal of congestion may also be explained.

4. Collection of taxes on vehicles has shown much improvement.

5. The figure shown as "Nominal income" under 1927-28 is Rs. 10,86,883 as against 6 lakhs and odd during previous years. This may be verified.

Mr. C. N. Narasinga Rao fully concurred with the observations made by Mr. B. K. Garudachar. He then proposed that in the paragraph under "Bye-elections" on page 3 of the report it is said that "owing to some misunderstanding" 17 Councillors had resigned and that in place of those words, "as a protest against certain unconstitutional rulings mentioned in their letters of resignation dated 12th and 13th September 1927" be substituted. This was seconded by Mr D. Gopalakrishna Rao.

Mr. N. Balakrishniah said that the word "alleged" be inserted before the word "unconstitutional" in Mr. Narasinga Rao's amendment. This was not seconded by any one. The amendment of Mr. C. N. Narasinga Rao was put to vote and carried 10 voting 'for' and 1 'against.'

Mr. N. Balakrishniah said that in page 3, para 7, the words "for further scrutiny and revision" be omitted and the words "owing to certain legal defects" be inserted. This was approved.

Mr. Saligram Narayana Rao proposed that the Draft Administration Report be approved with the modifications noted above. This was seconded by Mr. A. Madhaviengar and carried unanimously.

[*Note.*—The tank known as Venu Gopalaswami Tank is reserved solely for the supply of drinking water to the inhabitants of the Devanhalli Town. Therefore, power has been taken to the Municipal Council to reserve any other source of water supply from time to time. Similar power has been given by statute alone to the Municipal Councils to reserve sources of water from time to time for bathing and washing purposes under section 133 of the Mysore Municipal Regulation.
